

ARYAN KUSHWAHA

Frontend Developer | Aspiring Software Engineer

📍 Kanpur, Uttar Pradesh – 208027 | 📞 +91 9196032280 | ✉️ ratherryan.0109@gmail.com

🌐 Project: CodeRIO – <https://ratherryan0109.github.io/CodeRIO.github.io/>

💻 GitHub: <https://github.com/ratherryan0109/CodeRIO.github.io>

OBJECTIVE

Motivated and enthusiastic Computer Science undergraduate with a solid foundation in HTML5, CSS3, Python, basic JavaScript, and version control using Git/GitHub. Passionate about web development, modern software frameworks, and software engineering principles. Seeking an internship opportunity to contribute to real-world projects, learn from experienced developers, and expand skills in full-stack development while pursuing my B.Tech at HBTU Kanpur.

EDUCATION

Harcourt Butler Technical University (HBTU), Kanpur

Bachelor of Technology (B.Tech.) – Computer Science and Engineering | 2026 – 2030 (Expected)

- Status: Pursuing – First Semester
- Recently admitted to the Computer Science & Engineering program.

TECHNICAL SKILLS

Programming Languages	Python, HTML5, CSS3, SQL, JavaScript (Basic), C++ (Currently Learning)
Frontend Development	HTML5, CSS3, Responsive Web Design, Flexbox, CSS Grid, User Interface Design, Basic JavaScript, Cross-Browser Responsive Layouts
Backend & Frameworks	Node.js (Learning), Express.js (Learning), React.js (Learning), Next.js (Learning)
Databases	SQL, MySQL, Firebase (Authentication & Database)
Developer Tools	Git, GitHub, Visual Studio Code, GitHub Pages
Currently Learning	React.js, Next.js, Node.js, Express.js, MongoDB, C++, Data Structures & Algorithms

PROJECTS

CodeRIO – Programming Learning Platform

Live Website: <https://ratherryan0109.github.io/CodeRIO.github.io/> | *GitHub:* <https://github.com/ratherryan0109/CodeRIO.github.io>

- Designed and developed a responsive programming learning platform intended to help beginners learn programming through structured educational content and an organized learning experience.
- The project demonstrates practical frontend development skills, responsive design techniques, project organization, and version control practices.
- **Key Features:** Responsive website design, Structured programming learning modules, Interactive educational interface, Clean and organized project architecture, User-friendly navigation, GitHub Pages deployment, Modern webpage layouts.
- **Technologies Used:** Python, HTML5, CSS3, JavaScript, Firebase (Authentication & Database), Git, GitHub, GitHub Pages.
- **Skills Demonstrated:** Frontend Development, Responsive Web Design, UI/UX Design, Website Structuring, Version Control using Git, Project Organization.

ACHIEVEMENTS

- Secured admission to Harcourt Butler Technical University (HBTU), Kanpur in the Computer Science & Engineering program.
- Achieved 97.39 Percentile in JEE Main 2026.
- Developed and deployed CodeRIO, an independent programming learning platform.
- Continuously learning modern web development technologies through self-study and project-based learning.
- Actively maintaining projects using Git and GitHub.
